PROOF

Atlas Music Company of
Providence tested two games of
8-Ball Action.

They now have 25 on
location.

Louie, the buyer at Atlas
made the following comment:

Doing great! Game play
realistic. Will even play
against regular pool tables.

Has possibility of longevity
compared to most videos.

Can't believe the price!

Most operators waited and waited and waited and
missed a lot of action with their indecision.

8-Ball Action under \$550
